V4680I-U3

TouchSystems' V46 offers strong performance wedded with lowered energy consumption. The touch display features LED backlighting - one of the reasons behind the lessened energy cost - and a full HD LCD display. It is equipped with an Open Pluggable Specification (OPS)-compliant slot, ensuring easy installation and maintenance of digital signage. The touch screen also comes with built-in speakers and integrated temperature sensors and fans. The display is integrated with infra red, a multi-touch technology. For more information, call the TouchSystems sales team at (512) 846-2424.
